

2019 Chinese Language Training Program for International Student of Chongqing University of Science and Technology

I. Introduction to CQUST

Founded in 1951, Chongqing University of Science and Technology is a full-time public undergraduate institution which is mainly focused on engineering fields featuring petroleum, chemistry, metallurgy, material science, mechanics, electronics, safety and environmental protection. It is the only undergraduate university in China with industry backgrounds both in petroleum and metallurgy.

The university covers a total area of approximately 360 acres, with teaching facilities worth 382 million *yuan*. Its library possesses a collection of nearly 2.64 million books; there are 16 schools (departments), 57 undergraduate majors and 16 postgraduate majors; there are more than 20,000 full-time undergraduate and postgraduate students, including more than 400 international students, and 1,549 faculty members including 1,191 full-time teachers. Among the full-time teachers, there are more than 650 professors and associate professors, more than 300 doctors, and nearly 35% of them have experience of study or training in European countries and the United States.

The university attaches great importance to international cooperation.

Up to now, The University has established partnership in teaching, scientific research, talent cultivation with 81 colleges or universities in 27 countries such as Columbia University (USA), University of California (USA), University of Veracruz (Mexico), Changwon National University (Korea), Aberystwyth University (UK), Wilfrid Laurier University (Canada), Covanta Energy Company (USA), and International Association of Drilling Contractors (IADC) (USA).

II. Introduction to the Program

The program will focus on the training of listening, speaking, reading and writing, with optional courses such as Chinese traditional music, Chinese Kung Fu and Chinese painting and so on. The objective is to help learners improve their abilities of Chinese language and communication, so as to enable them to apply Chinese in their studies, life and future careers. Certificate of completion and transcripts will be issued to students upon completion of the study.
