

2019 Bachelor Degree Programs for International Students of Chongqing University of Science and Technology

I. Introduction to CQUST

Founded in 1951, Chongqing University of Science and Technology is a full-time public undergraduate institution which is mainly focused on engineering fields featuring petroleum, chemistry, metallurgy, material science, mechanics, electronics, safety and environmental protection. It is the only undergraduate university in China with industry backgrounds both in petroleum and metallurgy.

The university covers a total area of approximately 360 acres, with teaching facilities worth 382 million *yuan*. Its library possesses a collection of nearly 2.64 million books; there are 16 schools (departments), 57 undergraduate majors and 16 postgraduate majors; there are more than 20,000 full-time undergraduate and postgraduate students, including more than 400 international students, and 1,549 faculty members including 1,191 full-time teachers. Among the full-time teachers, there are more than 650 professors and associate professors, more than 300 doctors, and nearly 35% of them have experience of study or training in European countries and the United States.

The university attaches great importance to international cooperation. Up to now, The University has established partnership in teaching,

scientific research, talent cultivation with 81 colleges or universities in 27 countries such as Columbia University (USA), University of California (USA), University of Veracruz (Mexico), Changwon National University (Korea), Aberystwyth University (UK), Wilfrid Laurier University (Canada), Covanta Energy Company (USA), and International Association of Drilling Contractors (IADC) (USA).

II. Introduction to Bachelor Degree Programs

The university establishes a total of 57 undergraduate majors in Chinese and 6 undergraduate majors in English. The duration of study is from 3 to 7 years. The international student can obtain a diploma after completed the courses required by the talent cultivation plan and passed the graduation dissertation defense. They can be awarded a degree certificate if they are qualified to the requirements of the bachelor's degree.

Details of specific majors and tuition fees will be shown in the attachment *2019 Enrollment Catalogue for Full-time Bachelor Degree Programs for International Student of Chongqing University of Science and Technology*.

III. Eligibility

Applicants shall be non-Chinese citizens in good physical and mental health, aged between 18 and 30, and have a graduation certificate of a senior high school or above.

IV. Application Procedure

1. Online Application

Applicants shall apply online and the website is <http://cqust.at0086.cn/StuApplication/Login.aspx>. The application to *Bachelor Degree Programs* shall be complete by the applicants themselves. The online application system will be opened on March 20, 2019 and closed on June 10, 2019.

2. Application Materials

- ✧ Scanned copy of the first page of your passport
- ✧ Scanned copy of Chinese visa pages and residence permits (if you have)
- ✧ A diploma of a senior high school or above
- ✧ Transcripts for the last academic year of the most advanced studies
- ✧ Certificate of Non-criminal (in recent 6 months)
- ✧ *Foreigner Physical Examination Form* (in recent 6 months)
- ✧ Certificate of financial support (no less than 2,000 dollars)
- ✧ Proof of Chinese Proficiency (provided by students who apply for programs in Chinese)
- ✧ Proof of English proficiency (provided by students who apply for programs in English)
- ✧ *President Scholarship Application Form for International Student (Freshman) of Chongqing University of Science and Technology* (if

you need)

P.S. International students who apply for the bachelor degree programs taught in Chinese can participate in the Chinese language training program of our university if they are unable to provide proof of Chinese proficiency.

V. Fees

1. Registration fee

400 *yuan*, only collected in the first semester and will not be refunded after collection.

2. Tuition fee

Subject to specific majors (see the attachment).

3. Accommodation fee

Double Room: 1,500 *yuan* for one semester, 3,000 *yuan* for one year

Quadruple Room: 750 *yuan* for one semester, 1,500 *yuan* for one year

VI. Scholarships

International students can apply for *the President Scholarship for International Student (Bachelor Degree Program Freshman) of Chongqing University of Science and Technology* before the enrollment. The amount of funding is 9,000 *yuan*, and the validity of duration is one year. Applicants shall submit scholarship application form at the same time with submitting the admission materials.

VII. Entrance Examination

The entrance examination is a written examination which mainly focuses on the basic knowledge such as English and mathematics. The total score is 100 points and 60 points are qualified.

VIII. Medical Insurance

The Ministry of Education of China stipulates that international students studying in China must purchase medical insurance from insurance companies in mainland China. For those who do not purchase the required medical insurance, they will not be registered. The insurance fee is 800 *yuan* per year.

IX. Visa

Admitted students are required to apply for a Chinese study visa at the local Chinese Embassy with an admission letter and a study visa application form (JW202). Students shall come to China with the study visa and make sure that the visa is valid during their stay in China.

X. Contact Information

- ✧ Address: Office F105, Boxue Building, International College of Chongqing University of Science and Technology, Shapingba District, Chongqing, PRC
- ✧ Postal Code: 401331
- ✧ Coordinator: Li Na, Fang Kangli
- ✧ Telephone: +86-23-65022514
- ✧ Email: admission@cqust.edu.cn

Science and Technology*

2019 Enrollment Catalogue for Full-time Bachelor Degree Programs for International Student of Chongqing University of Science and Technology

1. Bachelor Degree Programs Taught in Chinese

Schools	Majors	TuitionFee (yuan/year)
School of Petroleum and Natural Gas Engineering	Petroleum Engineering	15,000
	Offshore Oil and Gas Engineering	15,000
	Petroleum and Natural Gas Storage and Transportation Engineering	15,000
	Resource Exploration Engineering	15,000
	Exploitation Technology and Engineering	15,000
	Geology	15,000
School of Metallurgy and Materials Engineering	Metallurgy Engineering	14,000
	Material Casting and Control Engineering	14,000
	Mineral Process Engineering	14,000
	Metallic Materials Engineering	14,000
	Inorganic Nonmetallic Material Engineering	14,000
	Composite materials and engineering	14,000
	Welding Technology and Engineering	14,000
	Functional Materials	14,000
School of Mechanical and Power Engineering	Mechanic Design, Manufacturing and Automation	14,000
	Mechanical and Electronic Engineering	14,000
	Energy and Power Engineering	14,000
	Auto Service Engineering	14,000
	Process Equipment and Control Engineering	14,000
School of Electrical Engineering	Automation Engineering	14,000
	Measurement and Control Technology and Instrument	14,000
	Electric Engineering and Automation	14,000
School of Chemistry and Chemical Engineering	Chemistry	14,000
	Applied Chemistry	14,000
	Chemical Engineering and Industrial Arts	14,000
	Pharmaceutical Engineering	14,000
	Energy Chemical Engineering	14,000
	Environmental Engineering	14,000

School of Civil Engineering and Architecture	Civil Engineering	14,000
	Building Environment and Energy Application Engineering	14,000
	Water Supply and Drainage Engineering	14,000
	Bridge and River-crossing Engineering	14,000
	Construction Management	14,000
	Project Cost	14,000
	Theoretical and Applied Mechanics	14,000
School of Safety Engineering	Fire Fighting Engineering	14,000
	Safety Engineering	14,000
School of Business and Management	Marketing	14,000
	Accounting	14,000
	Human Resource Management	14,000
	Logistics Management	14,000
	Hospitality Management	14,000
School of Commerce and Social Studies	International Economics and Trade	14,000
	Social Work	14,000
	Resources and Environmental Economics	14,000
School of Mathematics and Big Data	Data Science and Big Data Technology	14,000
	Applied Statistics	14,000
	Mathematics and Applied Mathematics	14,000
School of Foreign Languages	English	14,000
	Spanish	14,000
School of Arts and Humanities	Artistic Design	14,000
	Exhibition Art and Technology	14,000
	Visual Communication Design	14,000
	Chinese Linguistics and Literature	14,000
School of Intelligent Technology and Engineering	Computer Science and Technology	14,000
	Internet of Things Engineering	14,000
	Software Engineering	14,000

2. Bachelor Degree Programs Taught in English

Schools	Majors	TuitionFee (yuan/year)
School of Petroleum and Natural Gas Engineering	Petroleum Engineering	17,000
School of Mechanical and Power Engineering	Mechanic Design, Manufacturing and Automation	17,000
School of Electrical Engineering	Electric Engineering and Automation	17,000
School of Civil Engineering	Civil Engineering	17,000

and Architecture		
School of Commerce and Social Studies	International Economics and Trade	17,000
School of Intelligent Technology and Engineering	Computer Science and Technology	17,000
